IN BRIEF London based web developer with a background in property and construction. January of this year I decided to take what was at the time a hobby and turn into a career by enrolling on a web development immersive course at General Assembly. Having now built a solid foundation of knowledge I seek a role where I continue my development and put into practice the skills that I have learnt.

SKILLS	TOOLS & PROCESS	BACK-END	FRONT-END
	<ul style="list-style-type: none">• Working within agile teams utilising scrums• Git :proficient• Experience in the use of Heroku and AmazonS3	<ul style="list-style-type: none">• Rails:intermediate• SQL:intermediate• Node:learning• Experience integrating API's, such as Google Maps and Twitter	<ul style="list-style-type: none">• HTML/CSS:proficient• JS:intermediate• jQuery:proficient• Angular:intermediate• Meteor:learning• Bootstrap:proficient

WORK IN TECH **FULL STACK DEVELOPER @ GENERAL ASSEMBLY**
Making Restful web applications, whilst working in an agile environment and attending daily scrums. I have created 3 projects using Ruby, Rails, HTML5, CSS3, Sass, JavaScript, jQuery, PostgreSQL and utilised git for version control.
